

AST 105: Introduction to the Solar System Spring 2018

Instructor

Prof. Kenneth M. Lanzetta
ESS 456
Kenneth.Lanzetta@stonybrook.edu

Teaching Assistant

TBD

Course Description

A general survey of present knowledge of the planets, satellites, interplanetary medium, comets, asteroids, and outer regions of the Sun. Begins with a historical introduction and discussion of the methods of science. Emphasizes current NASA deep-space exploration missions and other modern astronomical methods. Not for major credit. Not for credit in addition to AST 205 or GEO 106.

Class Meeting

TuTh 8:30–9:50, Physics P112

Text

The required text for the course is *The Cosmic Perspective: The Solar System (8th Ed.)* by J. Bennett et al. (Pearson). Note that the 7th or 6th edition texts are also suitable. *Also note that exams and quizzes will be based on the assigned reading.*

Office Hours

Lanzetta: TBD and by appointment
Teaching assistant: TBD

Assigned Reading

Each lecture cover a chapter or a portion of a chapter of the text; this chapter is the assigned reading. Reading assignments are to be completed *before* the corresponding lecture. Exams and quizzes will be based largely the assigned reading.

Quizzes

There will be 13 quizzes over the course of the semester. Quizzes will be based on the assigned reading. *Note that quizzes may be administered on Tuesday or Thursday at the beginning or end of.* *Also note that there will be no way to make up missed quizzes.* For each student, the lowest two quiz scores across the semester will be dropped when determining the quiz average, so the quiz average will be based on the highest 11 (of 13) quiz scores.

Exams

There will be two mid-term exams over the course of the semester and a final exam at the end of the semester. No electronic devices (calculators, cell phones, etc.) may be used during the

exams, and no notes or books may be consulted during the exams. Students must arrive on time for the exams with their student ID cards. Students who arrive late for an exam will not be given extra time. *Note that there will be no way to make up missed exams*, although with advanced notice or careful documentation of extenuating circumstances, a missed exam may be excused or other accommodations made. The schedule of exams is presented in the “Course Schedule” below.

Final Exam

According to the University registrar, the final exam is currently scheduled for Tuesday, May 8, 2018 from 11:15 AM to 1:45 PM. In the event of a discrepancy between what is listed here and what is listed by the registrar, what is listed by the registrar will take precedence. The final exam will be cumulative. *Note that students are required to take the final exam, and there will be no way to make up a missed final exam.*

Course Grade

The course grade will be based on two mid-term exams (25% each), the final exam (30%), and the quizzes (20%).

Extra Credit

There will be no possibility of extra credit.

Course Schedule

Class	Date	Chapter	Topic
1	1/23	1	A Modern View of the Universe
2	1/25	2	Discovering the Universe for Yourself
3	1/30	3	The Science of Astronomy
4	2/1	3	The Science of Astronomy
5	2/6	S1	Celestial Timekeeping and Navigation
6	2/8	S1	Celestial Timekeeping and Navigation
7	2/13	4	Making Sense of the Universe: Understanding Motion, Energy, and Gravity
8	2/15	4	Making Sense of the Universe: Understanding Motion, Energy, and Gravity
9	2/20	5	Light and Matter: Reading Messages from the Cosmos
10	2/22	5	Light and Matter: Reading Messages from the Cosmos
11	2/27		Midterm 1: Chapters 1–5, S1

Class	Date	Chapter	Topic
12	3/1	7	Our Planetary System
13	3/6	7	Our Planetary System
14	3/8	8	Formation of the Solar System
	3/13	No class	
	3/15	No class	
15	3/20	8	Formation of the Solar System
16	3/22	9	Planetary Geology: Earth and the Other Terrestrial Worlds
17	3/27	9	Planetary Geology: Earth and the Other Terrestrial Worlds
18	3/29	10	Planetary Atmospheres: Earth and the Other Terrestrial Worlds
19	4/3	10	Planetary Atmospheres: Earth and the Other Terrestrial Worlds
20	4/5		Midterm 2: Chapters 7–10
21	4/10	11	Jovian Planet Systems
22	4/12	11	Jovian Planet Systems
23	4/17	12	Asteroids, Comets, and Dwarf Planets: Their Nature, Orbits, and Impacts
24	4/19	12	Asteroids, Comets, and Dwarf Planets: Their Nature, Orbits, and Impacts
25	4/24	13	Other Planetary Systems: The New Science of Distant Worlds
26	4/26	13	Other Planetary Systems: The New Science of Distant Worlds
27	5/1	24	Life in the Universe
28	5/3	24	Life in the Universe

Americans with Disabilities Act

If you have a physical, psychological, medical, or learning disability that may impact your course work, please contact Disability Support Services, ECC Building, Room 128, 631–632–6748. They will determine what accommodations, if any, are necessary and appropriate. All information and documentation is confidential.

Academic Integrity

Each student must pursue his or her academic goals honestly and be personally accountable for all submitted work. Representing another person's work as your own is always wrong. Faculty are required to report any suspected instances of academic dishonesty to the Academic Judiciary. Faculty in the Health Sciences Center (School of Health Technology and Management, Nursing, Social Welfare, and Dental Medicine) and School of Medicine are required to follow their school-specific procedures. For more comprehensive information on academic integrity, including categories of academic dishonesty, please refer to the academic judiciary web site at <http://www.stonybrook.edu/uaa/academicjudiciary/>.

Critical Incident Management

Stony Brook University expects students to respect the rights, privileges, and property of other people. Faculty are required to report to the Office of University Community Standards any disruptive behavior that interrupts their ability to teach, compromises the safety of the learning environment, or inhibits students' ability to learn. Health Sciences Center (School of Health Technology and Management, Nursing, Social Welfare, and Dental Medicine) and School of Medicine are required to follow their school-specific procedures. Further information about most academic matters can be found in the Undergraduate Bulletin, the Undergraduate Class Schedule, and the Faculty-Employee Handbook.

Electronic Communication

Email to your University email account is an important way of communicating with you for this course. For most students, the email address is `firstname.lastname@stonybrook.edu`. *It is your responsibility to read your email received at this account.* For instructions about how to verify your University email address, see

<http://it.stonybrook.edu/help/kb/checking-or-changing-your-mail-forwarding-address-in-the-epo>.

You can set up email forwarding using instructions described at

<http://it.stonybrook.edu/help/kb/setting-up-mail-forwarding-in-google-mail>.

If you choose to forward your University email to another account, we are not responsible for any undeliverable messages.

Religious Observances

See the policy statement regarding religious holidays at

<http://www.stonybrook.edu/registrar/forms/RelHolPol\%20081612\%20cr.pdf>.

Students are expected to notify the course professors by email of their intention to take time out for religious observance. This should be done as soon as possible but definitely before the end of the add/drop period. At that time, they can discuss with the instructors how they will be able to make up the work covered.
